

# ASAP

MEDALLION FOUNDATION, Inc.

## SPECIAL EDITION-New FAA Representative

Tom Eldridge and Dalton Fortney have both left their positions as the FAA Representatives for the Medallion ASAP program. We will miss both of them! Tom retired from the FAA at the end of September to be able to have more time to spend on his favorite projects. Dalton accepted a position in FAA headquarters in Washington DC. So, as a result they both left within a short period of time.

Both Tom and Dalton were instrumental in getting the ASAP program going in the Alaskan Region of the FAA. They worked very hard to be available on short notice to conduct Event Review Committee (ERC) meetings and always had a positive attitude with a focus on getting to the safety issues involved with ASAP Reports. We owe them a hearty 'Thank You' for a job well done.

James (Jim) Tupper has been selected as the replacement for the Airworthiness Representative on the ERC. Jim brings many years of experience to the job and commitment to continue the important work of the ASAP program.

Don Duncan will be the Operations Representative on the ERC. He also has an extensive background both in the aviation industry and with the FAA. He will be participating in the ERC meetings as he transitions into his new job.

We welcome both the new FAA representatives. They will continue to do a fine job in supporting the goals of the Medallion Foundation ASAP program.

If your company wants more information regarding the ASAP program, please contact Kent Adams, Program Manager. [Kent@MedallionFoundation.org](mailto:Kent@MedallionFoundation.org)
